SPRINT AQUATICS Bells Maximum Resistance

ITEM #725

Designed for aerobics, therapy & rehab. The foam covered handles help to reduce over-gripping.

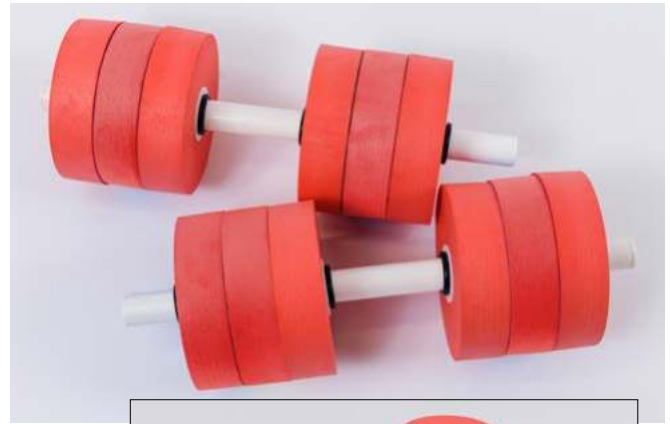

- Resistance level = approximately 22-25 lb
- Latex free

“

Peyton is always so helpful and attentive to my needs. She goes well beyond what I would expect every time I deal with her. I have come to really depend on her expertise and understanding of my needs. She always sends me specials and when I call with a question she gets back to me right away.

~ Betty Lema

SPRINT AQUATICS Adjustable Bells

ITEM #726

Designed to enable the user to adjust the resistance to their liking. The bar bell can be set in three different resistance levels – minimum, medium, and maximum. The 12 floats are made from closed cell EVA foam.

each weight is 3.75 lb per weight

ITEM # 940 – 10 lb set
each weight is 5 lb per weight

“

“I always love the customer service, selection, and quality of products of Sprint Aquatics. The range of resistance in their hand buoys, the pliability and buoyancy of their noodles, adjustable drag paddles that really make some serious waves and my personal favorite, webbed gloves, all help to create the perfect Liquid Gym in the pool.”

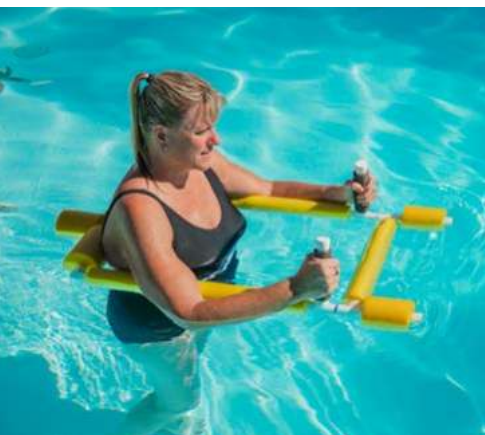

Jenni Lynn S'WET

To view the full offering of gloves see page 10

Pool Access Wheelchair

ITEM #270

Our Pool Access Chairs are an ideal solution to swimming pool handicapped access via a platform lift or ramp. With super-strong PVC construction and an anti-tip design, these non-rusting chairs are designed to operate in pool water environments and showers. Features a swing-out armrest for lateral transfers and retractable footrest.

Features Include:

- 250 lb (113kg) weight capacity
- Anti-tip Design
- Non-rusting Design for Pool and Shower Environments

Heavy Duty Pool Access Wheelchair ITEM #271

Ideal solution to swimming pool handicapped access via a platform lift or ramp. With super-strong PVC construction and an anti-tip design, these non-rusting chairs are designed to operate in pool water environments and showers. Features a swing-out armrest for lateral transfers and retractable footrest.

Features Include:

- 400 lb (181kg) weight capacity
- 24" (61cm) Wide Seat
- Anti-tip Design
- Non-rusting Design for Pool and Shower Environments
- Sliding Footrest
- Swing Out Armrest for Lateral Transfers

Stainless Steel Wheelchair

ITEM #984

Our aquatic wheelchairs are ideal for use in swimming pools with ramps or beach entry. Constructed of durable and corrosion resistant stainless steel, these chairs will provide you with years of trouble free use. These wheelchairs are collapsible for easy storage and the flip up arms make for easy transfers. Upholstery is mildew resistant mesh and suitable for daily use in pool environments.

- Available in seat widths of: 18", 20" and 24".
- Weight capacity ranges from 350 lbs. to 375 lbs. depending on the chair width.

AQUATREK Wheelchair

ITEM #262

The AquaTrek Wheelchair is a full size aquatic wheelchair that has a 24" seat depth with a weight capacity of 350lbs and is ideal for tall adults to create a proper bent knee position.

SCOUT Pool Lift ADA

ITEM #943

The Scout 2 pool-lift features an adjustable height seat pole, upgraded electronics and a more robust base. These upgrades allow for a weight capacity of 375 pounds. This pool lift will accommodate most existing anchors by utilizing adapter sleeves. The optional pull-out leg rest may be used for greater clearance on raised pool and spa applications. The Scout 2 is a UL Certified to meet pool lift standard 60335-2-1000. It was designed for in ground anchoring and an ideal lift for easy and affordable ADA compliance.

- Like all Aqua Creek lifts, the Scout 2 is constructed from all stainless steel with a durable powder coat finish in your choice of colors; standard white, gray, or tan.
- Seats and footrests are also available with color options in standard blue, white, gray, and tan. Purchase the optional solar charging station to help extend the life of your battery.
- The Scout 2 comes standard with the best warranty in the industry, a 5 year structural and 5 year prorated electronics warranty.

RANGER 2 Pool Lift ADA

ITEM #941

The Ranger 2 is ADA compliant and features a field reversible design, 350 lb weight capacity, UL Certification, and comes standard with a 14 inch deck to water draft. The Ranger 2 upholds the same standards for durability and reliability as all Aqua Creek pools lifts. It is designed to be independently operated by the user, allowing full control of the lift with an easy to use 2 button handset. The Ranger 2 is ideal for hotel and motel pools and also a great choice for backyard pool enthusiasts.

- Constructed of all stainless steel with a durable powder coat finish in your choice of colors: standard white, gray, or tan.
- Seats and footrests are also available with color options in standard blue, white, gray and tan.
- Also available with the same solar charging station, anchoring systems, and colored covers to match the lift.
- 5 year structural and 5 year prorated electronics warranty from the manufacturer.
- Ships fully assembled and ready to install

AQUATREK Ramp

ITEM #260

The Aquatrek2 Pool Ramp allows for aquatic wheelchair access and can increase your aquatic therapy classes. The Aquatrek2 Long Pool Ramp system is used to reduce the slope ratio for placement in deeper pools. Using a longer lower platform and an elevation kit, the ramp system can be placed over steps and used in deeper pools.

PATRIOT Portable Pro Pool Lift ADA ITEM #944

The Patriot Lift is the only completely portable aquatic lift independently verified to meet ADA standards. It has a weight capacity of 375 pounds and remains the highest weight capacity of any portable lift on the market. The standard Patriot lift can accommodate up to a 12" water draft. When deployed and ready for use, the Patriot Lift features a specifically designed seat allowing for the easiest lateral transfer from most wheelchairs, giving full freedom of access to the individual.

- The Patriot Lift is now counter-weighted using a sand ballast system. Sand can be sourced locally, saving substantial freight costs.
- Our FIXING KIT (included) secures the lift in place, allowing for FULL ADA COMPLIANCE.
- The new AT design provides a more compact lift and also gives it additional set back range, giving it the ability to accommodate more gutter variations.

AQUATREK Step - ADA ITEM #261

The AquaTrek2 pool Steps are available in 5,6, 7 or 8 tread (step) models. Custom constructed for each facility's pool, this unit is both a lightweight and portable addition for aquatic access. Each tread has two black and one yellow nonslip safety strip. The yellow strips are placed on the front of each tread to help make the treads more visible. The color difference enhances the visual perspective.

- Wheels on the bottom of the AquaTrek2 pool Steps allow for ease of movement into and out of the pool.
- The deck anchors are made of Stainless Steel and all fasteners are made of the finest stainless steel.

ADMIRAL Lift ADA ITEM #945

The Admiral is a 450 pound capacity, UL Certified pool lift. This lift maintains the same heavy duty, compact design as the Original Pro Pool Series lifts along with new features. The Admiral is field reversible and comes standard with an adjustable seat arm to accommodate wheelchairs of different heights. The adjustable base plate also provides additional flexibility in pools with larger water drafts or setbacks.

- The Admiral lift is ADA compliant and constructed of all stainless steel with a durable powder coat finish in your choice of colors: standard white, gray, or tan.
- Seats and footrests are also available with color options in standard blue, white, gray, and tan.
- The Admiral is available with the same solar charging station, anchoring systems, and colored covers to match the lift

**Portable Pro
Pool Lift
ITEM #946**

The Portable Pro Pool Lift features a completely portable design, eliminating the need for anchors. The compact frame allows the lift to be transported from or around the pool area with ease. Simply wheel the lift to the poolside, quickly deploy and it's ready to use. Its stainless steel construction allows the Portable Pro Pool lift a 350 pound (160 kg) weight capacity. This lift is the perfect portable solution for residential applications. Its exceptional mobility and aesthetics make the Portable Pro Pool a popular lift in international markets.

- The use of flip-up armrests makes lateral transfers easy.
- An easy to use, 2 button water resistant handset gives the user full independence when using the lift.
- For additional comfort and security, the lift comes standard with a fold-up footrest and adjustable lap belt.

**REVOLUTION
Pool Lift
ITEM #947**

The Revolution lift provides the ability to service both above and in-ground pools and spas. This extremely versatile lift accommodates up to 500 pounds. The Revolution is designed to be self-operated by the individual user.

- With an easy to use 4 button handset, the user is able to control all movement and enjoy a fully independent aquatic experience.
- The Revolution is ADA compliant and UL certified to meet pool lift standard 60335-2-1000.
- The Revolution rotates a full 360 degrees in either direction providing versatility and access solutions.

POOL BIKING ONE/ONE PLUS Aquatic Bikes

ITEM #520

Professional's basic model of our range of equipment. Best Quality-price relationship. Stand up its elegant design and ease of use. We incorporate F. P. .R. (Full Progressive Resistance). POOLBIKING has been chosen by many professionals from different sectors: fitness centers, rehabilitation centers, hotels and resorts, wellness centers, Post-recovery or Post-Traumatic Programs under the supervision of a specialized medical team.

ONE PLUS: Same qualities as model ONE but it adds seat horizontal regulation. It is very useful on back pain, rehabilitation exercises and pregnant women.

POOL BIKING Veracruz

ITEM #520

An excellent tool for cardiovascular exercise; joints do not receive any pressure, which avoids injuries. The calories consumption is higher than 500kcal/h. The continuous resistance of the water increases the muscular work.

With a reinforced main structure, this model is able to be used by taller people, more than 6'2" and more than 200lbs.

POOL BIKING Orbital Aquatic Elliptical

ITEM #521

It's the first elliptical training device with variable resistance built for professional use in pools. Hydrodynamics and bio-mechanical research have allowed the conversion of water resistance into a continuous and progressive elliptical workout. The lack of weight in the water allows a full and free-of-pressure knees and joints movement.

***Proudly Serving
You Since
1972***

Pool Trekking Treadmill

ITEM #523

Treadmill for professional use, bandwidth 15.75"

- Durable
- Easy to assemble
